

Local start-up assistance

Year: 2021

UOS always provides assistance in the local community supporting the start-up of financially and socially sustainable businesses through relevant education or resources (e.g. mentorship programmes, training workshops, access to university facilities).

1- Regularly drinking water monitoring,
College of Agriculture.

2- Physical and chemical evaluation of multiuse water,
College of Science.

3- Microbiological evaluation of multiuse water, College of Basic Education.
